JUN 23 2016

MEMORANDUM FOR SECRETARY OF ENERGY
ADMINISTRATOR, GENERAL SERVICES ADMINISTRATION
SECRETARY OF THE ARMY
SECRETARY OF THE NAVY
SECRETARY OF THE AIR FORCE
DIRECTOR, DEFENSE CONTRACT AUDIT AGENCY

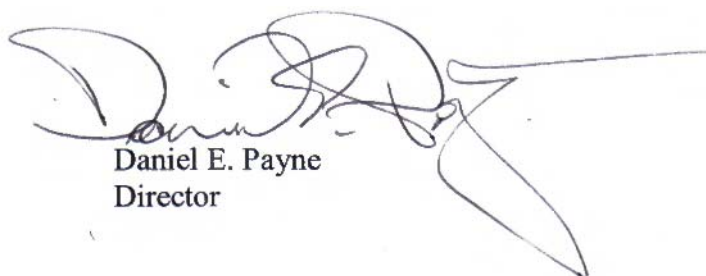

SUBJECT: Notification of Facility Clearance Invalidation for Yoh Services, LLC,
Philadelphia, Pennsylvania (CAGE: 3SUU4)

References: (a) DoD 5220.22-R, "Industrial Security Regulation," December 4, 1985
(b) DoD 5220.22-M, "National Industrial Security Program Operating Manual,"
February 28, 2006, as amended
(c) Federal Acquisition Regulation, Part 4.4, "Safeguarding Classified Information
Within Industry," current edition

The Defense Security Service (DSS) will invalidate the facility security clearance of Yoh Services, LLC in accordance with References (a) and (b). Your organization, through a prime contractor, is a sponsor of this company's facility security clearance and has authorized their access to classified material in accordance with Reference (c). Please see the attached list for the specific contract related to your organization.

In March 2016, DSS was notified that the senior management official at this company had formally withdrawn his application for a personnel security clearance. The company currently does not have a senior management official cleared to the level of the FCL and has not presented an acceptable plan of action for mitigating this issue.

Invalidation of the facility security clearance renders a contractor ineligible to be awarded additional classified contracts or receive additional classified information except as necessary for performance on current classified contracts. The invalidation will remain in effect until DSS confirms the contractor has taken appropriate corrective actions. The final decision to allow continued access to classified information is the prerogative of your organization. Please notify DSS whether the invalidated contractor facility will be allowed to continue performance on any classified contracts. My point of contact is Ms. Sarah Beauregard, Facility Clearance Branch, at (571) 305-6610 or sarah.e.beauregard2.civ@mail.mil. Thank you for your continued support of the National Industrial Security Program.

Daniel E. Payne
Director
